

St. Johnsbury Center.

The cold winds of April seem to cause considerable sickness. Among the housed, and under the doctors' care this week are Miss Dora Robbins and Eugene Hallett.

Mrs. P. L. Pierce remains about the same.

Ed Flint is slowly recovering—being able to get out a little on pleasant days.

Mrs. Davis of Kirby is visiting her son, Arthur Davis, who moves his family to St. Johnsbury this week.

Mrs. H. J. Kelly does not improve in health and has gone to Brightbrook Hospital for further treatment.

Mrs. Lillian Brook Kimball, a former resident of this place, is seriously ill at the St. Johnsbury Hospital.

Pomona Grange meets with Wide Awake Wednesday, the 16th.

The primary school opened Monday.

Shepherd Pomona Grange meet this evening at Wide Awake Hall.

The next meeting of Wide Awake Grange, the 20th, will be master's night, and after the short literary and musical program there will be a necktie and apron box-supper.

Alfred Reoux has sold his farm, well known as the Worcester House farm, to Joseph Ducey of St. Johnsbury, who will take possession at once, and Mr. Reoux will move into his house at the brick yard.

Mrs. Adelbert Lockwood who has been at Brightbrook Hospital for treatment is improving rapidly and will probably return to her home in a few days.

East St. Johnsbury.

The following item from last week's Woodville News was of interest to many readers: Principal S. W. Robertson of the High School was taken suddenly ill, Monday, and was taken to leave school at the forenoon recess. His family physician became confident that he was suffering from appendicitis, and a surgical operation was performed. It was discovered that the trouble was of several years standing, fully accounting for previous illnesses, and that it had reached an exceedingly critical state. The operation was in every way successful, and there is every reason to believe that Mr. Robertson will fully recover, and be able to attend to his school duties in a few weeks in the enjoyment of perfect health.

Annie Carr, wife of Alphonso Copp, died very suddenly at her home, Friday evening, April 11, aged 26 years. Mrs. Carr was the only daughter of Mr. and Mrs. George Carr of St. Johnsbury. She is survived by husband and child about two years old, also her father and mother and two brothers, all of whom have the sympathy of all in their sorrow. The funeral was held in the Congregational church, Rev. E. E. Grant officiating. The floral offerings were very beautiful.

Fred B. Cushman is graduated from Shaw's business college in Portland, and is at home.

The burial of the remains of those placed in the tomb during the winter will take place April 24.

Joseph Clark is quite sick with the grip.

Capt. Ford, W. H. Bennett and Edgar Cushman all gave sugar parties last week, which were much enjoyed by large gatherings.

H. M. Knapp carries the scholars from Chesterfield district to the village school this spring.

Rev. Howard I. Chidley of Burlington, representative of the Anti-Saloon League gave a very interesting address at the Congregational church Sunday evening.

At Summerville.

L. F. Rice moved his family to Morrisville, Monday, where he has a position as foreman in the printing office.

J. L. Stiles returned to his home Saturday, from New Britain, Conn., where he has been working.

Metcalf & Craig have leased the place where Frank Wilkins lived, with twenty acres of land. Fred King has moved into the house.

Mrs. C. W. Potter of Brattleboro, who has been visiting her mother, Mrs. Blanchard, returned to her home, Tuesday.

Arthur Carr is having a hard attack of the grip.

Herbert Stanley has moved from H. R. Newton's house to his new house on Concord avenue.

Health Officers' School.

The state board of health, composed of Drs. T. R. Stiles of this place, H. D. Holton of Rutland and C. S. Cavery of Rutland, met at Burlington, Thursday, and settled on July 7-10, as the date for the annual school for health officers, and chose Burlington as the place of meeting. The program, so far as arranged for at present, consists of papers on "The Relation of Animal Diseases to Man," by Dr. Salmon, head of the bureau of animal industries at Washington; and on "The British and American Congresses of Tuberculosis," by Dr. H. E. Lewis of Burlington. Dr. George Fox of New York will give a paper on small pox and other infectious diseases. Dr. S. H. Woodbridge of the Polytechnic Institute of Boston will speak on "The Ventilation of Public and Private Buildings," and there will be a number of other papers, but the authors and subjects have not yet been determined.

At Howe Opera House.

"Uncle Terry," with James K. Waite, manager, will be presented at Howe Opera House, Monday evening, April 21. The dramatist follows the lines of Mr. Mann's book with considerable fidelity and has a work which will prove a strong attraction. Uncle Terry is natural in its construction and plot with an entire absence of forced situations, and moves along in a delightfully smooth way.

Remember the date, Monday, April 21.

W. Clyde Lewis, until recently a member of the Consolidated Ice Co., goes to Lewiston, Me., next week to take a position as city salesman with Swift Brothers. His brother, Clayton E., is a salesman for the same house.

Ernest P. Tinker of the U. S. Fish commission went to Swanton last week, to spend some time at the state hatchery

there. He will be for a while at Fairfield Pond, near Sheldon, where there is talk of establishing a small station.

C. H. Adams, with the remains of his mother, Mrs. Mary P. Adams, who died Jan. 24, are expected to arrive from Muskegon, Mich., Friday afternoon. The burial will be at Mt. Pleasant cemetery. Mrs. Adams was long a resident of this town and an active member of the South Congregational church.

H. L. Doyle, now landlord of Hotel Low at Bradford, is making extensive repairs on the house, and the Bradford Opinion says: "The business men of the town are planning to give Landlord Doyle of Hotel Low a benefit banquet. Painters Graves and Grace of Wells River are still at work there, but are nearing the finishing point. All the rooms on the first floor have been greatly improved in appearance and a prettier dining room with a finer view connected can't be found anywhere. The banquet will, without doubt, be largely attended and a splendid success. People will want to see the improved appearance of the hotel, give the landlord a cordial reception and enjoy the banquet."

You could not tell the difference between a pound of sugar and a pound of sand if they were done up in this paper. But when they went in turn into your coffee cup, you would soon discover your loss by the substitution. Now, there is almost as much difference between Chase & Sanborn's coffee and inferior coffee as between sugar and sand, but you must try them both in your coffee cup to know what you are losing by the substitution of the inferior grade.

Letter to John N. Gale.

St. Johnsbury, Vt.

Dear Sir: You paint lead and oil, don't you? Do you know why a house turns flat in spots and streaks in a few weeks, before the paint has had any chance to chalk or wear?

Devote lead and zinc don't flat. It's as glossy as ever until it begins to wear. It keeps its gloss for two or three years. When the gloss begins to go, the paint is beginning to go. It is the first sign of wear—it ought to be.

We suppose the flattening is due to water in lead; but why it should flat in spots and not all over is more than we know. There is water in all white-lead in the making. We dry it out; perhaps nobody else does.

Yours truly,

F. W. Devor & Co.,
P. S. Flint Bros., St. Johnsbury, and
S. O. Morse, Danville, sell our paint.

Card of Thanks.

Mr. and Mrs. Sidney E. Pierce and relatives desire to express their sincere gratitude to the numerous friends who rendered such sympathetic aid during the sickness and death of their loved one, and especially to the Order of the Golden Cross, shopmates and friends for the beautiful floral offerings and tender sympathy manifested. May God's blessing rest upon them and give them peace and consolation in time of trouble.
